WORLD WAR II

BOOK of REMEMBRANCE

RAILWAY TRANSPORTATION UNITS of the CORPS of ROYAL ENGINEERS, WORLD WAR II

On 27th September 1986, at Highley on the Severn Valley Railway, ex-LMS Stanier Class 8F locomotive No. 8233 (British Railways No. 48773), which was built to War Department order as WD 307 in 1940, was dedicated as the official Memorial to all British military railwaymen who gave their lives on active service in World War II. At the dedication service, conducted by the Very Reverend Peter Haynes, Dean of Hereford, commemorative plaques on the locomotive recording its operation by the Corps of Royal Engineers in Persia (Iran) and Egypt were unveiled.

Locomotive No. 307 was first placed in operation on the London Midland and Scottish Railway (LMS) as No. 8233 until reclaimed by the War Department in late 1941 for operation by the Corps of Royal Engineers on the wartime supply route to Russia from the Persian Gulf to the Caspian Sea. Later, renumbered 70307 and subsequently 500, the locomotive remained in operation with the Corps of Royal Engineers until 1957, initially in Egypt before repatriation to the UK in 1952, when it served on the Longmoor Military Railway. Acquired by

British Railways as No. 48773 in 1957, the locomotive was purchased for preservation by the Stanier 8F Locomotive Society when steam traction ended on the national railway network in 1968, and was placed in operation on the Severn Valley Railway in its former guise of LMS 8233, changed to British Railways 48773 in 1992.

The gallant sacrifice of the men of the Royal Engineers Railway Transportation units who lost their lives in the War and its immediate aftermath is further commemorated by a Roll of Honour which has been compiled from information held by the Commonwealth War Graves Commission. These were dedicated by Lieutenant-General Sir Scott Grant, KCB, Chief Royal Engineer, on 3rd November 2002 at a service at Kidderminster on the Severn Valley Railway, conducted by the Reverend James Symonds. The Roll of Honour is displayed at Bewdley Station on the Severn Valley Railway. The Books of Remembrance, of which this is one, are held in the Royal Engineers Museum at Brompton Barracks, Chatham and the Museum of Army Transport at Beverley.

and other serving soldiers of the Railway Transportation units of the Corps of Royal Engineers who died on active service and whose names and places of burial are not recorded above.

KNOWN UNTO GOD

The Stanier 8F Locomotive Society is privileged to have provided the Roll of Honour and the Books of Remembrance. The help of the following organisations and individuals, and of many others, is acknowledged with gratitude: The Commonwealth War Graves Commission, the Ministry of Defence (Defence Records 2b, the Army Personnel Centre and the Army Historical Branch), the Lancastria Association and the Library of the Royal Engineers Museum; Lieutenant-Colonel D.S. Currie, Colonel J.E. Kitching, Colonel D.W. Ronald, Colonel C.F. Ryan and Major R.J. Wade.
